PRACTICAL 10: INTRODUCTION WRITING ACTIVITIES

Individual Worksheet (Due by 11:59pm the day following your Practical) (5 points)

For your individual submission, you will (1) relate your results back to your QHP in paragraph form. In your paragraph, make sure you address the following questions:

- **Did the data support your hypothesis?**
- **Did the results follow your predictions?**

Remember, it is okay if your hypotheses and/or predictions were not supported!

Your individual submission is due by 11:59PM the day following your practical. You will submit your assignment through Quercus (.docx or .pdf format). The Individual Submission will be marked for completion.

1. Relate your results back to your QHP in paragraph form.

Tip: Refer to Scholier et al. (2023) as an example for how to structure this paragraph and what content to include.
